

Start with a blank canvas...

End with a masterpiece!

## Imagine painting

your own masterpiece. It's easy! It's fun! No experience required! If you can hold a brush...you can do it! Those who think they have the least ability are usually the ones who enjoy it the most.

You will be instructor-led, step-by-step, as you paint your original art work. You start with a blank canvas and take home a beautiful masterpiece. Because every picture has a message that reinforces the Christian faith, it's perfect for your church group.
